CORINTHIANS	BROTHERS IN ARMS	A centenary ago, Corinthian FC of London were to many the world's greatest side – sporting geniuses credited with popularising football around the world while championing fair play. Having first toured Brazil in 1910, they were returning in 1914 when news reached them of the outbreak of World War One. They returned home without kicking a ball – dodging torpedo fire en route - and to fight on the battlefields of France, losing more men than any club in history. A hundred years later, the Corinthian name lives on in two very different corners of the world: Corinthian-Casuals FC play beside the Surbiton dual-carriageway as amateurs in the semi-professional eighth tier of English football; while SC Corinthian Paulista – a club inspired by the legendary Corinthian FC visit in 1910 – are Brazil's richest and most successful professional club. It tells the extraordinary true story of how South London amateurs Corinthian-Casuals, set-out on a pilgrimage to finally play the historic match that was abandoned on the eve of the Great War. Little do they know that their pilgrimage will take them 6,000km across the world, from playing in front of 30 fans one week to 30 million the next. (2018)

EVERTON	TWO TRIBES	How Football saved a city - Marked by unrest and economic decline, Liverpool in the 1980s found itself disparaged by many. Against this backdrop rose the city's two football teams, with Everton and Liverpool dominating the domestic and European game for the next ten years, offering Liverpudlians fresh hope and an identity that was not limited to Red or Blue. Their sporting dominance reached a high in 1984 when the League Cup Final between Liverpool and Everton became the first ever all-Merseyside Wembley Final. A third of the city's male population made its way to London allowing 100,000 Liverpudlians to demonstrate civic pride. The league title stayed on Merseyside for eight out of ten years as performances on the football pitch became the city's primary form of opposition.

LIVERPOOL	HOW HEYSEL CHANGED FOOTBALL	This is a grisly story, well told. Twenty years ago, the European Cup final between Liverpool and Juventus was held at a dilapidated stadium outside Brussels called Heysel. English hooligans charged on a section of Italian fans and 39 people were killed in the resulting crush. The contributors here - players, survivors, witnesses and relatives - each have their own version of events, and alongside horrendous footage from the night, they form a vivid picture of one of sport's most shameful nights. (2005)

LIVERPOOL	TWO TRIBES	How Football saved a city - Marked by unrest and economic decline, Liverpool in the 1980s found itself disparaged by many. Against this backdrop rose the city's two football teams, with Everton and Liverpool dominating the domestic and European game for the next ten years, offering Liverpudlians fresh hope and an identity that was not limited to Red or Blue. Their sporting dominance reached a high in 1984 when the League Cup Final between Liverpool and Everton became the first ever all-Merseyside Wembley Final. A third of the city's male population made its way to London allowing 100,000 Liverpudlians to demonstrate civic pride. The league title stayed on Merseyside for eight out of ten years as performances on the football pitch became the city's primary form of opposition.

LIVERPOOL	BEING LIVERPOOL	Filming of the documentary began days after the FA Cup final defeat to Chelsea at the end of the 2011/12 season. Although they won the League Cup for a record eighth time and reached the FA Cup Final, their form had been hit and miss and they finished 8th, their lowest premier league position since 1994. It resulted in Kenny Dalglish being relieved of his duties in May. Cameras were allowed full access to all aspects of the club and players, on the pitch and training fields, in the gyms, changing rooms and boardrooms, at team meetings and at home. The film captures the recruitment process as the club sought a new manager and the moment when, two weeks later, Brendan Rodgers arrived at Melwood, prior to Liverpool's North American tour.

SWINDON TOWN	6 DAYS UNTIL SATURDAY	A 40 minute film made in 1963 about a week in the life of Swindon Town Football Club. The film, entitled 'Six Days to Saturday' is all the more fascinating to watch years later as it's an example of the early work of acclaimed film director John Boorman. In 1963 things were very rosy for Swindon Town FC. They'd recently won promotion to Division Two under the guidance of manager Bert Head who was hailed as a local hero. 'Six Days to Saturday' offers a fascinating insight into the Swindon Town team of the day. It shows their camaraderie both on and off the pitch, at work and at play, in the days leading up to their next match.

30 for 30 SERIES	MYSTERIES OF THE RIMET TROPHY	the Jules Rimet trophy was awarded to the nation that won FIFA's World Cup and was among the most coveted prizes in all of sports. It is also the sports prize shrouded in the most intrigue -- with the whereabouts of the original trophy unknown to this day. This film focuses on the great prize's first brush with crime -- a Nazi plan to steal the Rimet trophy from Italy during World War II. The story unfolds like a great caper film, where our hero, Ottorino Barassi, a mild-mannered Italian soccer official, attempts to protect a valued treasure.
30 for 30 SERIES	BARBOSA, THE MAN WHO MADE BRAZIL CRY	<p>Given the opportunity to host their first World Cup in 1950, Brazil has high hopes of establishing the country as both an economic and soccer powerhouse. To establish the former, they have erected the Maracanã in Rio, the largest stadium in the world, to host the majority of the home team's games. The latter seems a statement of fact given that the team features known stars like Ademir, Zizinho and Moacir Barbosa, widely regarded as one of the best goalkeepers in the world.</p> <p>The pressure on Barbosa and the team is intense but on the eve of the last game, against much smaller Uruguay, it seems poised to deliver the championship. With 11 minutes remaining in the game, everything unravels. Alcides Ghiggia, a small and dangerous forward, tucks a ball between Barbosa and the near post to win the game for Uruguay. Brazil goes into a state of mourning and Barbosa becomes an anti-hero in his own country.</p> <p>Even today, having won five subsequent World Cups, Brazil's wound remains fresh. Barbosa himself never plays in another Cup and, in a supreme irony, winds up spending most of his working life as an administrator at the site of his lowest moment: the Maracanã. By nature a happy man, Barbosa's life is haunted by one bitter moment to the end.</p>
30 for 30 SERIES	MARADONA '86	<p>In the 1986 World Cup, Diego Maradona, the world's greatest football player, reached his apotheosis, redefining what is possible for one man to accomplish on a football pitch. His ability to take control of the ball -- the game -- an entire tournament -- split the world in two.</p> <p>It was both illuminating and an affront, beguiling and an outrage, and the fervor that surrounded him was unprecedented, bordering on the religious. Constructed from archive material, "Maradona '86" is an ode to this ultimate footballing idol, basking in the operatic intensity of his performance in Mexico as he wrote his name on football history forever.</p>

30 for 30 SERIES	OPPOSITION	In the wake of the 1973 military coup in Chile, American-backed dictator Augusto Pinochet transformed Santiago's National Stadium into a concentration camp where political opponents were tortured and assassinated. Only months later, that same stadium was scheduled to host a decisive World Cup qualifier between Chile and the Soviet Union. Despite protests, FIFA's own investigation, and the Soviet's eventual boycott, the Chilean team still played the game as planned, qualifying for the 1974 World Cup on a goal scored against no one.
30 for 30 SERIES	WHITE BLUE AND WHITE	Although a large number of Argentinian players have found football success around the world, few have made a name for themselves in England's top league. One notable exception is Ossie Ardiles.
30 for 30 SERIES	CEASEFIRE MASSACRE	New Jersey, June 18, 1994. Giants Stadium is awash with green as Irish soccer fans arrive to watch Ireland's opening World Cup match against the mighty Italy. Shortly after the second half begins, two masked gunmen belonging to a Protestant terror group burst into the Heights Bar. Thirty rounds are fired and six innocent men watching a soccer match were killed. Ceasefire Massacre reveals how the jubilation felt inside Giants Stadium juxtaposed against the horrors of what happened in the Heights Bar

30 for 30 SERIES	MYTH OF GARRINCHA	In Brazil, Pelé is "The King." But his teammate, Mané Garrincha, is also remembered as the one of the best soccer players of all time. In a country where the sport grants its protagonists such royal deference, Garrincha is the jester – an entertainer who amused crowds and turned soccer into an irresistible spectacle, all while helping Brazil capture two World Cups. This, despite his legs being so bent that early in his career doctors deemed him unfit to play professionally. Match after match, he proved them wrong. But his unpredictable moves were of little assistance after his playing career came to an end.

SCOTTISH FOOTBALL	FOOTBALL YEARS - 1967 - THE YEAR OF THE SCOTS	a year in which Scotland beat newly crowned world champions England, Celtic won the European Cup and Rangers came within a whisker of claiming their own European silverware
SCOTTISH FOOTBALL	FOOTBALL YEARS - 1971 - TRAGEDY TO TRIUMPH	On January 2 1971, a traditional New Year derby between Rangers and Celtic was notable on the field for a late goal apiece from either side after 89 minutes of deadlock. Yet it is the disastrous consequences of what happened afterwards that the fixture is eternally remembered for. Tragedy struck on Stairway 13. A crush, caused by a single fan falling on their way down the steps, claimed the lives of 66 people. In the face of that adversity, the Rangers team rallied and went on to win the 1972 Cup Winners' Cup, battling to victory in the memory of those caught up on Stairway 13.
SCOTTISH FOOTBALL	FOOTBALL YEARS - 1974 - END OF AN ERA	By 1973 the optimism of the 1960's had evaporated and the country lurched from political upheaval to economic crisis via industrial strife while the IRA waged a sustained and bloody bombing campaign in London and Birmingham. It was also the time that Celtic won the last of their 9-in-row Scottish Championships and came within a whisker of a domestic treble. They also reach the reach the semi-final of the European Cup only to lose amid disgraceful and shameful scenes to Atletico Madrid. But this season was to be the last hurrah of Jock Stein's all conquering Celtic side. The team that had won the European Cup back in 1967 had disintegrated and although replaced with young players like Dalglish, McGrain, Connolly and Hay they were unable to maintain that level of success.
SCOTTISH FOOTBALL	FOOTBALL YEARS - 1974 - GOLDEN GENERATION	Led by Willie Ormond and inspired by their fiery-tempered captain Billy Bremner, Scotland were the only UK nation represented at the 1974 World Cup in West Germany. Their preparation for the World Cup was marred by serious indiscipline with bouts of late night drinking and unauthorised early morning boat trips widely reported in the press. Once in West Germany, Scotland were drawn alongside reigning World champions Brazil, Yugoslavia and the complete unknowns from Zaire. With tales of heroic failure and accusations of shady, murderous deals done in the heart of Africa, Scotland returned home, albeit unbeaten and to a heroes welcome. But was that welcome deserved? Or were this team the architects of their own downfall? Now watch extended versions of the exclusive interviews with the likes of Ernie Walker, Joe Jordan, Peter Lorimer, John Blackley, Ally Hunter, Tommy Hutchison, David Hay and Sandy Jardine.
SCOTTISH FOOTBALL	FOOTBALL YEARS - 1982 - VIVA ESPANA	The legendary Jock Stein took on the task of lifting a battered and beleaguered Scotland after the debacle in Argentina. This is Scotland's Football Year of 1982 - Viva Espana!

SCOTTISH FOOTBALL	FOOTBALL YEARS - 1986 - BACK TO THE FUTURE	1986 was an incredible twelve months that turned Scottish football upside down. Hearts came within 7 minutes of the league title only to have it snatched away in the most dramatic circumstances imaginable. Celtic were Champions, Hearts finished runners-up and Alex Ferguson's Aberdeen won the Scottish Cup. Rangers were nowhere. As the nation prepared endure another World Cup in yet another 'Group of Death', Rangers were planning to turn Scottish football on its head with the most dramatic appointment in the history of national game. They unveiled Graeme Souness as their new manager and gave him the funds to win the title for the first time in nine years. With English clubs banned from Europe because of the Heysel disaster, Souness used his force of personality to persuade England stalwart Terry Butcher and Norwich goalkeeper Chris Woods to sign for Rangers... and the rest is history. Watch extended exclusive interviews with the likes of Graeme Souness, Terry Butcher, Sandy Jardine, Sandy Clark, Willie Miller, Alex McLeish, Jim Leighton, David Hay, Murdo MacLeod, Ernie Walker and Frank McAvennie

EURO 96	MY SUMMER WITH DES	Neil Morrissey plays Martin, a massive soccer fan, who we focus on during the 1996 European Championships (Euro '96) which was being played in England. His boss insists that he attend a social event on a Saturday afternoon to prove his commitment to the firm, unfortunately, this clashes with the opening match of the tournament, England versus Switzerland, so Martin promptly quits, insulting his boss in the process. Free to enjoy the football at his leisure, Martin bumps into the mysterious Rosie (Rachel Weisz) who never seems to stick around for very long. During England's victories over Scotland and Holland, Martin's passion for Rosie increases. The tournament progresses to the knock out stages, and England move from the quarter finals where they beat Spain (watched by Martin in a tapas bar) into the semi finals where they meet arch-nemesis' Germany, and crash out during a penalty shoot-out. The recreation of the enthusiasm and fervour of Euro '96 is brilliantly recreated to full effect, and aside from the obvious painful conclusion
